

IRONFX SALES COMMISSION SCHEME

A. VTV - Value on Traded Volume

Under this category you will be compensated based on the activity of your clients within a given calendar month. The amount compensated will be based on the Monthly Traded Volume in USD divided by a factor.

- Divided factor is set at 500,000 / \$2.00 per \$1,000,000 trading turnover

B. VPAA - Value per Active Account

Under this category you will be compensated based on the active accounts opened and funded within a given calendar month.

- Active Account = minimum deposit of \$500
- Commission: \$25 per active account

C. VPND - Value per Net Deposit

Under this category you will be compensate on the following rates based on the Net Deposit over a given calendar month:

- Net Direct Deposits = 0.5%
- Net Indirect Deposits = 0.3%

EXAMPLE:

- Overall clients traded 3,000 lots EURUSD (equiv. \$432 mil at the rate of EURUSD 1.44)
- Active accounts within the month = 35
- Net Direct Deposit = \$80K / Gross Deposit \$90K
- Net Indirect Deposit = \$110K / Gross Deposit \$110K
