

# Kostenfreie ETFs

DEGIRO

Bei DEGIRO können Sie kostenfrei in mehr als 700 ETF's investieren. Jeden Kalendermonat ist der erste Handelsvorgang je Free ETF komplett kostenfrei, unabhängig von Umfang und Richtung der Order, solange der Trade nicht zu einer Short-Position führt. Weitere Ausführungen im gleichen ETF und Kalendermonat sind möglich und ebenfalls kostenfrei, wenn

- der Handel in die gleiche Richtung erfolgt wie der erste Trade im gleichen ETF/Monat und
- das Ordervolumen größer als 1000 EUR (oder USD) ist.

Sobald ein gegenläufiger Handel innerhalb des gleichen ETF's und Kalendermonats ausgeführt wird (z.B. Verkauf, wenn zuvor Kauf), wird oben genannte Bedingung ungültig und es fallen die regulären Gebühren an. Diese Regel gilt für jeden Aktions-ETF separat. Das heißt, Sie können theoretisch jeden Monat jeden einzelnen hier genannten ETF parallel kostenfrei handeln. Bitte beachten Sie dabei den entsprechend geltenden Börsenplatz.

Die 740 ETFs, die Sie in unserer Auswahlliste finden, enthalten namhafte Anbieter wie iShares, Vanguard, ComStage, Lyxor, SPDR, Amundi und db x-trackers. Die ETF's werden auf den Börsen XETRA, Euronext, NASDAQ und NYSE Arca gehandelt.
